

Guacamole

4 ripe avocados

4 ripe tomatoes, deseeded and diced

½ onion, diced

Juice of 1 lime [adjust to taste]

Salt to taste

Handful of fresh coriander

Scoop the avocado flesh into a bowl and mix with the tomatoes and onion. Add the lime juice, salt and coriander to taste.

We stir the guacamole until the consistency is creamy, with some chunks of soft avocado left. Serve in a bowl with strips of crackling to dip.
